

ACRAGUN ACRACLIP SCALP CLIP SYSTEM

Easy to use, Reliable, and
Economical

ACRA-CUT introduces
a clip gun system that fulfills
the promise of fast, trouble-free
application of scalp clips.

Its unique design prevents
accidental clip ejection or
failures to feed. The result
makes the opening procedure
faster and easier.

- ACRAGUN fits comfortably in any size hand.
- Apply clips at any angle, even upside-down, with complete control.
 - Combines the economy of a reusable gun with the convenience of sterile, preloaded cartridges.
 - Cartridges snap into the gun quickly and easily.

ACRAGUN SCALP CLIP SYSTEM

ACRA-CUT has developed a clip gun system that fulfills the promise of fast, trouble-free application of scalp clips.

Its unique design prevents accidental clip ejection or failures to feed. The result makes the opening procedure faster and easier.

UNIQUE BENEFITS

- ACRAGUN fits comfortably in any size hand.
- ACRAGUN applies clips quickly at any angle, even upside down, with complete control.
- ACRAGUN has only four moving parts for maximum reliability.
- Combines the economy of a reusable gun with the convenience of sterile, preloaded cartridges.
- Cartridges snap and lock into the gun quickly and easily.
- Integral cartridge lock eliminates uncontrolled clip ejection.
- ACRACLIPs are available with serrated or straight jaws in a choice of three clamping forces.

ACRACLIPs

Clamping Force Light/Pediatric
Jaw Shape Straight

Light/Pediatric
Serrated

Medium
Straight

Medium
Serrated

Heavy
Straight

Heavy
Serrated

Color coded ACRACLIPs are available in two different jaw shapes and three clamping forces. Medium clamping force is equal to other commonly used scalp clips. Maximum clip opening is the same size as other scalp clips.

ACRAGUN IS EASY TO LOAD

1. Snap the preloaded sterile cartridge into the ACRAGUN.

2. Lock the cartridge in place and the first clip slides into position, ready to use.

ACRAGUN IS EASY TO USE

1. Squeeze the trigger to open the clip.

2. Apply the clip to the scalp.

3. ACRAGUN can apply clips at any angle - even upside down.

4. Release the trigger and the clip closes. The next clip slides into position ready to apply.

ACRAGUN comes with a protective sterilizing storage case.
Catalog No. 500-100

ACRACLIPs come in single cartridge or double cartridge sterile blisterpacks. Each cartridge contains 15 clips.
